MEMORANDUM FOR: [REDACTED] Executive Secretary
CS Historical Board

1. I discussed this with Colonel White at the Deputies meeting this afternoon. He is in general sympathy with our position, feeling only that those officers such as [REDACTED] who has been assigned the job of writing the Agency history (I believe there are three of them including someone named [REDACTED] should have available to them such material as would help them writing that history. He agrees that histories on the operations of Divisions, Stations, Bases, etc. play no part in this with the possible exception of such things as the Bay of Pigs. I hope this is helpful to you.

2. Colonel White said he would discuss this with Dr. Ehrmann and he suggested I also discuss it with him. I would suggest that you tell Dr. Ehrmann of my discussion with Colonel White and that you and Tom Schreyer and he (Dr. Ehrmann) come down for a brief meeting with me at our mutual convenience to clarify this matter once and for all.
